Newgistics shipping options for retailers can improve inventory control and offer shipping logistics.

Retailers can now access shipping returns tracking and save on inventory investment while speeding the sales cycle. Retailers across the country can get affordable shipping options from Newgistics. Newgistics is known for retailer friendly shipping. Newgistics and their team work hard to insure total customer satisfaction with their shipping options. Literally hundreds of retail brands and millions of their customers have selected Newgistics. Retailers and manufacturers depend on Newgistics for shipping solutions.

Returns tracking can avoid inventory investment and improves their competitive position. Retailers can use Newgistics' SmartLabel® Program for convenient returns management. Retail sales have proven to increase online when a retailer has an easy to use returns management system.

The Newgistics team works daily to improve delivery service and build their reputation with shippers. For hundreds of retailers, Newgistics has made a huge difference in their bottom-line. No other company offers the same level of dedicated commitment to client satisfaction. Newgistics is dedicated to leadership and performance that retailers expect.

USPS and Carrier Pickup are among the many registered or trademark properties of the United States Postal Service. Intelligent Returns Management (IRM) is a trademark of Newgistics, Inc. SmartLabel is a registered trademark of Newgistics, Inc.
